33 of 45 credits towards an MBA/Technologies Management degree completed
Excellent problem solving skills
Strive for perfection
Excellent analytical skills
Highly motivated and productive
Proficient at meeting deadlines and staying within a budget
Excellent written and verbal communication skills

I am a hard-working self-starter who invariably understands exactly what a project is all about from the outset, and how to get it done quickly and effectively. I function well as a team leader when required, and work effectively as a team member under the direction of other team leaders. I am a resourceful, creative, and solution-oriented person who is frequently able to come up with new innovative approaches to my assigned projects.

OBJECTIVE

Obtain a PHP/MySQL developer position, utilizing my years of experience and education.
